_____

Professional Summary

Entry-level Data Analyst with a background in economics and political science.
Skilled in transforming raw data into meaningful insights using Excel, Power BI, Python, and SQL.
Previously worked in customer service at Mashreq Bank and as a sales representative at Coca-Cola.
These roles enhanced my understanding of customer behavior and business operations — experience I now apply to data-driven decision-making as an aspiring data .

_____
_____

🎓 Courses

- **Data Analysis with Python Projects – freeCodeCamp**   **completed: 08/2025**
    - Covered real-world projects using Pandas, NumPy, Matplotlib, Seaborn, and data cleaning techniques.

- **Introduction to Career Skills in Data Analytics – LinkedIn & Microsoft   Completed: 08/2025**
    - Focused on foundational analytics concepts, business thinking, and essential career skills for aspiring data analysts.

💼 Professional Experience

Customer Service Representative   in Mashreq Bank   Egypt   – 2020 to 2022

Handled customer inquiries and resolved service issues across various banking products.

Developed strong communication and problem-solving skills while working under pressure.

Gained deep understanding of customer behavior, which contributes to data analysis in business contexts.

Sales Representative   Coca-Cola   Egypt   – 2023 to 2024

Managed B2B and B2C sales operations and met monthly targets consistently.

Collected and interpreted sales data to improve performance and product placement.

This hands-on sales experience now informs my ability to analyze trends and drive business decisions through data.
